

## ABOUT PARTNERS IN EDUCATION

Dear Teachers, Administrators, and Friends:

Bernstein Orthodontics is committed to giving back to our patients and the communities we serve. We are very proud to announce our affiliate sponsorship program, Partners In Education (P.I.E.). Partners In Education is a community-focused initiative program with a mission to give back to our local community in an effective and meaningful way that highlights the importance of education.

As a proud sponsor of Partners In Education, Bernstein Orthodontics will donate 20 full orthodontic treatment for local schools to use to enrich its fundraising efforts each academic school year. Partner In Education provides free dental educational and prevention classes to encourage the importance of developing healthy habits and oral hygiene at an early age.

We are passionate about supporting our community and understand the importance of having essential school supplies available to students. Therefore, as a sponsor, Bernstein Orthodontics is committed to donating \$1,000 per quarter to various schools in districts we serve.

In conjunction with Partners In Education program initiative, all participating orthodontic practices have graciously made available another fundraising opportunity, Tropical Treat - Mobile Snow Cone Truck. The usage and resources of the mobile snow cone truck is provided as a sponsorship and fundraising opportunity in efforts to spread awareness of responsible snacking, hidden sugar and the importance of dental hygiene.

We invite you to consider each of Partners In Education fundraising program initiatives at your organizations' next fundraiser. For more information about P.I.E or wish to submit a P.I.E inquire, feel free to send us a note at [info@bernsteinbraces.com](mailto:info@bernsteinbraces.com).

On behalf of Bernstein Orthodontics, we hope Partners In Education give's our appreciated educators of Sonoma County another reason to smile!

Sincerely,

Bernstein Orthodontic Team
